Shani Mishra

2nd Year Postgraduate (Master of Computer Applications)

Email: shanimishra284@gmail.com

Phone: +91- 9695366189

EDUCATION

VIVA Institute of Technology, Mumbai, Maharashtra, India
Master of Computer Applications; CGPA: 7.74
August 2023 – Present

Veer Bahadur Singh Purvanchal University, Jaunpur, Uttar Pradesh, India
Bachelor of Commerce – Finance and Accounting; **CGPA: 6.99**
June 2019 – June 2022

WORK EXPERIENCE

➢ **Web Developer Intern At OctaNet Services Pvt.Ltd.** (Apr2024 – May2024)
 Developed and optimized web components, improving performance by 30%. Implementing front-end designs, and enhancing user experiences. Also have collaborated on backend integration, debugging issues, and testing features for seamless functionality.

➢ **React Developer Intern At Cloud Counselage Pvt. Ltd.** (*June2024 – Jan2025*)

 Developed a LinkedIn replica with features such as user authentication, profile creation, and real-time posts. Implemented Firebase for database management, authentication, and cloud storage.

PROJECTS

➢ **Hospital Management System (Technologies Used:** JAVA, Bootstrap, Servlet, MySQL, Apache)   (*2023*)
- A Hospital Management System using JavaScript and Bootstrap is a web application designed to streamline and digitize hospital operations.
 It enables efficient management of patient records, doctor schedules, appointments, and billing processes.

 Administrators can add or update patient records, assign doctors, manage appointments, and generate bills, doctors can view schedules and update patient treatment details

➢ **LinkedIn Clone (Technologies Used:** React.js, Firebase)   (*2024*)
- Developed a LinkedIn replica with features such as user authentication, profile creation, and real-time posts. Implemented Firebase for database management, authentication, and cloud storage.

 Gained experience in responsive UI design, state management, and deployment practices. Delivered the project as part of an internship with Cloud Counselage Pvt. Ltd.

➢ **WhatsApp Clone (Technologies Used:** Flutter, Firebase)   (*2024*)
- This clone is cross-platform, allowing it to run smoothly on both Android and iOS devices. Key features include user authentication (using Firebase Auth), real-time messaging with Firebase Firestore, one-on-one chats, group chats, media sharing (images, audio, video), and status updates.

SKILLS SUMMARY

➢ **Programming Languages:** C, C++, Html, CSS, UI/UX, MySQL, React, Core Java, Python
➢ **Technical Skills:** Cloud Computing, Database Management Systems, Operating System, Algorithms, Data Structures, Network Engineering, Deep Learning, Neural Network, High Performance Computing.
➢ **Software and Tools:** Git, Oracle VirtualBox, AWS, Linux, Windows, TensorFlow, Matplotlib,NumPy, Pandas, Azure.
➢ **Soft Skills:** Effective Communication, Decision-making, Teamwork, innovation, Problem-Solving, Time Management, Leadership.

AWARDS & ACHIEVEMENTS

✓ **Elements of an Artificial Intelligence Architecture** – Infosys| Springboard
✓ **Google Professional Cloud Architect** – Infosys | Springboard.
✓ **AWS Lambda Foundation** – SimpliLearn Skill Up.
✓ **Web Design and Development Training** – Infosys| Springboard.
✓ **Ethical Hacking 101** – Infosys | Springboard.
✓ **Soft Skill & Personality Development** - NPTEL
✓ **Volunteering in Delhi Salesforce Developer Group**
